Question of the Week

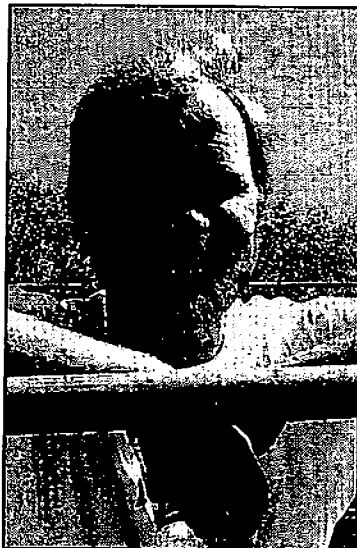

What do you think of deer hunting on town land?

By TRISH VAN ALSTYNE

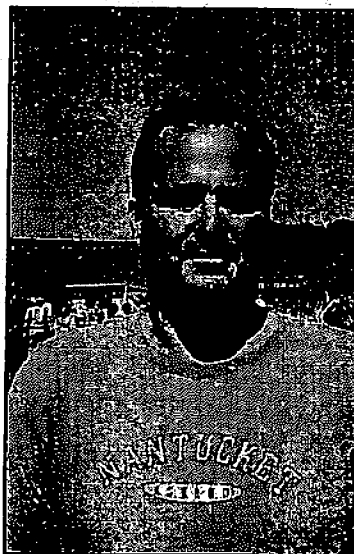

I agree that it should happen because it's a natural calling.

Bill Childs
Buckboard Road

Absolutely, it's necessary for the health of the herd to thin them out.

John Donovan
Bianca Road

Deer hunting already goes on within Duxbury for the last 20 years o private property. So why not allow it on town property as it was in the past.

John Carney
Mullins Avenue.

I think there is or needs to be a better way to control deer population.

Linda Shropshire
Pine Lake Road

I don't like deer hunting anyway. I am against it.

Cindi Buckley
Summer Street.
